

SOURCES

for Quality Preserved Wood Products

Western Wood Preservers Institute represents the preservative-treated wood industry in western North America. WWPI members are dedicated to providing quality products that meet all building code and treating standards while using only EPA-registered preservatives.

Below are the WWPI Treater Members, contact information and preservatives they offer in treating wood products. Review the back page for plant locations. For more information on preserved wood, go to PreservedWood.org.

Preservatives

ACQ - Alkaline Copper Quat
 ACZA - Ammoniacal Copper Zinc Arsenate
 CA-C - Copper Azole
 CCA - Chromated Copper Arsenate

PTI - Propiconazole Tebuconazole Imidacloprid
 SBX - Inorganic Boron
 CuN - Copper Napthenate
 Creosote - Creosote, Creosote Petroleum
 Penta - Pentachlorophenol

DCOI - 4,5-Dichloro-2-N-Octyl-4-Isothiazolone-3-One
 IPBC - 3-IODO-2-Propynyl Butyl Carbamate
 Int. FR - Interior Type Fire Retardant
 Ext. FR - Exterior Type Fire Retardant
